

Dear All

With reference to the circular dtd 18th March 2020, we were scheduled to be in office tomorrow on 25th to review the matter.

However the evolving situation, including the condition of lockdown prevailing in Delhi NCR region doesn't seem to permit us to step out of our homes.

Our Hon'ble Prime Minister in his address to the nation this evening has given a call for a national level lockdown wef 25th March to 14th April 2020.

Keeping in mind the above as also various others instructions and advisories of Government of Delhi NCT and Government of India, it has been decided to continue WORK FROM HOME till 14th of April 2020.

The situation however will be monitored on regular basis, including issuance of Government instructions and advisories in future in this regard.

Attempts will be made to release the salary for the month March at the earliest possible depending on how the situation evolves in the days to come.

Necessary protocol for Work From Home will apply during the period.

Thank you  
Sincerely Yours

Vinod Behari,CEO  
Power Sector Skill Council
